(862/DELJIT) Firm Shipping Schedule - In Basket (Create ASNs)

830

(830/DELFOR) Forecast/Planning Schedule - In Basket

- You will be taken to the '830 Document In Basket'. By default, orders within a 10 day window for All Veoneer Facilities are displayed.

Documents in this display are orders that are within a 10 day window.

Only the newest planning schedules should be reviewed.

These documents are for planning purposes only, they are not to be shipped against.

To limit your search, select the Veoneer Plant that you wish to view releases for and then click the Go button.

veoneer Material Planner contact

Current Ship requirements

Next Week Ship requirements

Based on Lead Time, the supplier is authorized to this CUM for manufacturing Finished Product

Claims

Claims for excess material, products, equipment etc. must be submitted to Veoneer with supporting documentation. Turnaround time may take up to 2 weeks.

Behind Schedule to Release

A new forecast or order release shall always replace the previous release. It is the supplier's responsibility to review the forecasts and order releases and advise Veoneer in case of problems. An instance of behind schedule occurs if the cum required is not shipped on the designated date on the 830 release. It is the supplier's responsibility to inform the local Veoneer Logistic Department immediately of any potential difficulties in meeting delivery schedules to avoid production downtime and/or premium freights
